Production and assembly worker

Description

Hiring organization

Hoover Concepts

Date posted

24/11/2022

Your duties :

- As an assembly worker you are flexibly deployable for the production process
- You bear co-responsibility for the production, assembly and delivery of our division semi-permanent canopies.
- You take care of the packaging and preparation for transport to the customer
- You prepare aluminum, steel and stainless steel profiles for assembly
- You operate various machines
- You install various customized projects based on (simple) technical drawings
- You are responsible for the orderliness and tidiness of production.
- You work together with colleagues and as part of a team from our office in Stabroek

Your profile:

- You have obtained at least a secondary diploma, preferably in a technical direction or this is equivalent through previous work experience(s)
- You have been bitten by technology and people know you as someone who is handy and can work well with his hands and mind
- Independent reading of (simple) technical plans holds no secrets for you and you can start working on them immediately
- You work closely with colleagues but can also work independently when asked to do so
- You find challenges in a project-oriented production environment where teamwork, quality and attention to detail are key
- You have at least driving license B and you are willing to drive sometimes longer distances with one of our company and assembly vehicles

Interested?

If so, we look forward to receiving your detailed application, including your salary expectations and earliest possible start date. Please send us the documents (cover letter, curriculum vitae and relevant certificates) in PDF format (max. 5 MB) to info@hooverconcepts.com – contact person : mevrouw Chrissie De Niel
